Sermon Discussion Guide

Series -The Playbook: Message - Winning at Parenting

Recap the Highlights:

Plays That Will Get Us Back Into Good Field Position Every Time:

1. Order your relationships
 - Rehearse the what, remember the who, and recall the why because your kids are going to ask you who to look to on this earth.
2. Understand your role
 - Steward
 - Shepherd
 - Authority
3. Live daily in His mercy [Lamentations 3;22-23]

Now Dig Deeper:

1. Think of a time you could see clearly the role conflict that can arise when we live like owners instead of walking in the role as parents God has intended. How does knowing some new plays help you to live our God's design for your family?
2. Look up the references below and discuss how Scripture gives us the guidance and the playbook parents need to win.

Scripture References:

- Deuteronomy 6:4-9; 20-23
- Psalm 127:3
- Ephesians 6:1-3
- Hebrews 4:14-16

Respond & Pray:

- A. Put these plays into practice and pray over the best ways to encourage the next generation in the message, the method, and the character of the Creator who put them into your life. Ask God what is the will and the plan of God for my children.
- B. You are issued with a fresh set of downs! Parent with mercy and authority. Let God fill you with His empowerment and leadership into His will.
