Patrick Conrad, Lead Pastor

Sermon Discussion Guide

Common Cents: Week 3 -Contentment

Recap the Highlights:

YOU MIGHT BE PLACING YOUR TRUST IN MONEY RATHER THAN IN GOD...

If you feel as if you never have enough money.

- **EMBRACE contentment.**

If you find it increasingly difficult to give.

- **EXERCISE generosity and good deeds.**

If you have money in the bank but no peace in your heart.

- **EXCHANGE your ways for God's.**

Now Dig Deeper:

1. Remember and reflect on a time you felt true freedom over a financial situation or in a specific season.
2. How does your heart and your treasure line up?
3. Let the scriptures Pastor Patrick shared open your heart to God's two cents for your finances and your perspective on generosity.

Respond & Pray:

- A. How can we take the three E's from the message and live a life trusting in God over trusting in money? It starts with surrender, acknowledgment, and giving God the glory for what is done in our hearts. Are you ready for a fresh start?
- B. Where can you give to in order to experience the heart change that God calls for? Pray over this decision and commit to it for 6 months. Ask your group to help keep you accountable.
- C. Pray for one another as you activate the steps to financial growth and contentment. Use the resources provided each week of this series along with some wise counsel to help you get there.
