Pastor Patrick Conrad

Sermon Discussion Guide

Series: Following Jesus into Relationships

Recap the Highlights:

Jesus loved people who live on the other side of...

- The **Political Aisle** (John 3)
 - As the election approaches, how can we portray God's Image more?
 - **Grace** (John 4)
 - Jesus extended Grace to the Samaritan woman at the well. Grace is for anyone, not just who we feel is deserving.
 - The **Tracks** (Mark 5)
 - Jesus was willing to heal anyone regardless of their social status.
1. We are **ALL** created in the image of God.
 2. In order to develop Christ's image in ourselves, we must be willing to see **HIS IMAGE** in others.
 3. Every Relationship in your life holds the **potential** for you to conform to God's image.

Now Dig Deeper:

1. Can you think of a specific example of when someone wanted to connect with you, but having a relationship with them didn't benefit you?
2. Think about how Jesus accepted Nicodemus' curiosity. How can you demonstrate God's Image in yourself better while interacting with others?
3. Talk with the group about specific ways to extend grace and be curious with others in challenging interactions.
4. What are some examples of times you have judged others and how can you work to improve that area in the future?

Respond & Pray:

- Pray as a group to be fulfilled with the Holy Spirit to reveal to you ways that you can grow closer to Christ while being willing to conform to His Image.
