## **Sermon Discussion Guide**

Series: You Asked For It

Sermon: Marriage

### Recap the Highlights:

How do we build a Christ-centered marriage when life gets complicated?

When you consider the issues that plague your marriage? - Do your questions/concerns center around the Fruit or the Root of The Issue?

What Foundation is your marriage Built on? (Covenant or Contract)?

- If the expectations you have for your marriage do not align with the expectations that God has for a Biblical marriage, then you may have built your expectations on the wrong foundation.

Is the Focus of Marriage Designed Around Making You Happy or Making You Holy?

### Now Dig Deeper:

1. Discuss the questions above as a group.
2. What issues have you seen either within your own marriages or the marriages of your parents or others close to you.
3. Discuss the difference in the Fruit and the Root of issues.
4. Discuss what it means to have a commitment to God... to Biblical Love and ... to your spouse.

### Respond & Pray:

- Pray for God to help you walk into the identity that he has designed for you.
- Pray over all Christian marriages to be Christ-centered.
